

USDC Circle

The Next-Generation Wealth Generation Opportunity

The background features a light blue and white color scheme. In the corners, there are stylized circuit board patterns with blue lines and small square components. Overlaid on these are network diagrams consisting of blue and grey dots connected by thin lines, representing a global or digital network.

USDC Makes USDC. Circle Makes Circle.

Automated. Fully Backed. Sustainable.

Why USDC Circle?

Not just an investment model—a global digital wealth ecosystem built on USDC, one of the world

What is USDC?

USD Coin (USDC) is a regulated stablecoin—a cryptocurrency designed to maintain a 1:1 peg with the U.S. dollar. Launched in 2018 by Circle Internet Financial in collaboration with Coinbase.

Stability Over Volatility

Bitcoin/Altcoins

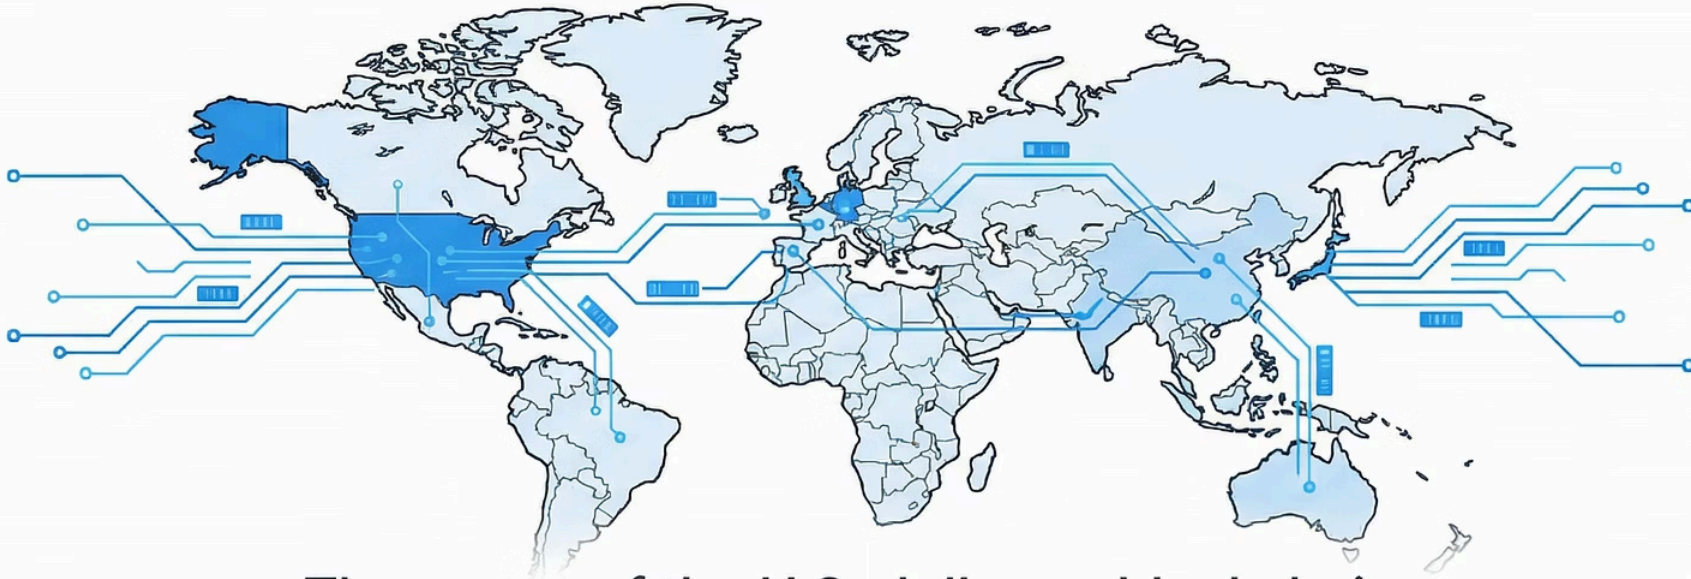

USDC

\$1

USDC stays stable at \$1 per coin—making it usable for everyday transactions, savings, remittances, and programmable financial products.

Global Digital USD

The power of the U.S. dollar on blockchain technology—without traditional banking rails.

24/7 Access

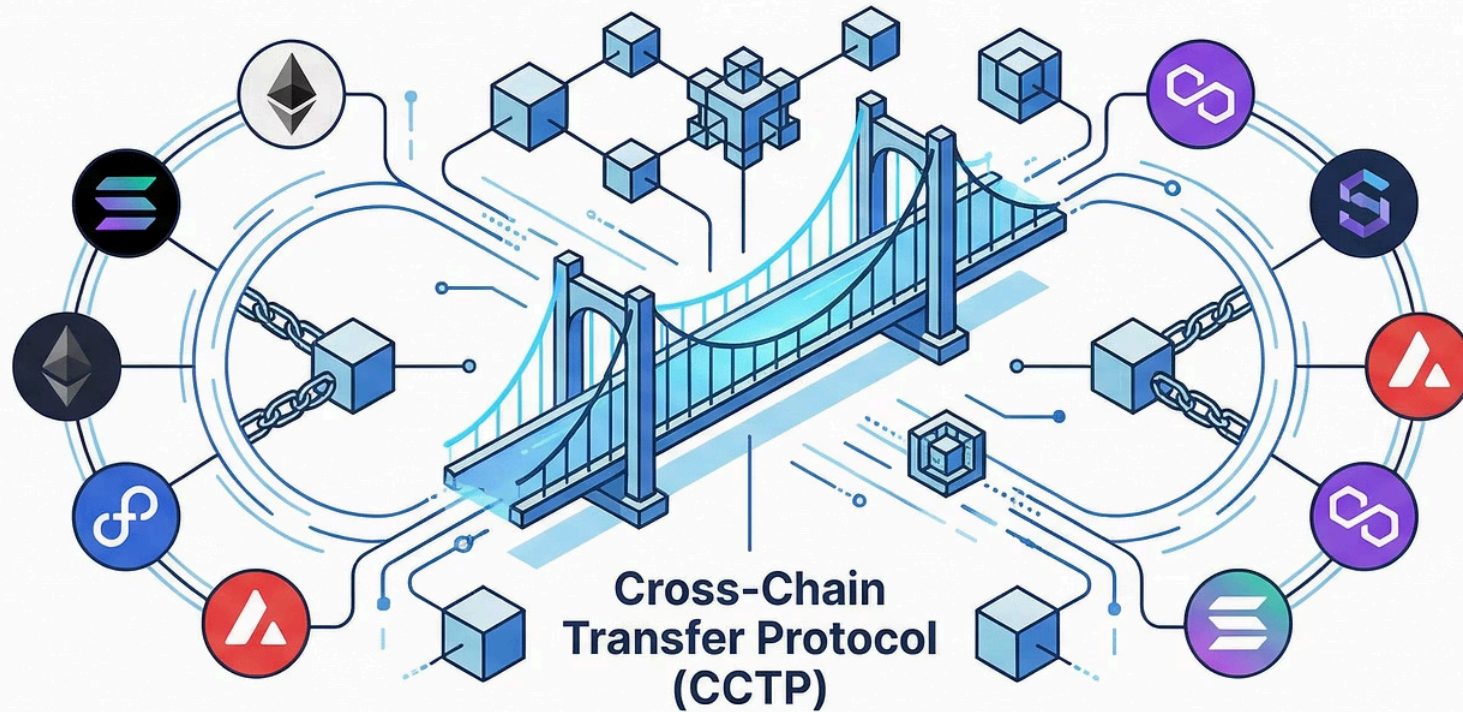

Instant Settlement

Low Fees

Developer-Ready & Interoperable

USDC moves across different blockchains quickly and securely, promoting innovation in DeFi, payments, and smart contracts.

Financial Inclusion

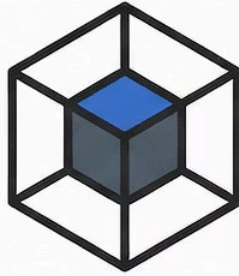

USDC opens global economic participation—especially in regions where traditional banking access is limited—and enhances real-time global value transfer.
